RELEVANT WORK EXPERIENCE

Front-End Web Developer, (Internship) Remote.

Aug 2023 – Present

Created Bible School Website fully mobile responsive using HTML, CSS and JavaScript only

Edited Already Designed School Website and Changed some Contents and images.

Edited a Charity Website and Changed some informations.

- Collaborated remotely with the development team to create and implement responsive and visually appealing user interfaces for web applications.
- Utilized my proficiency in HTML, CSS, and JavaScript to translate design mockups into interactive and functional web pages.
- Demonstrated a keen eye for detail by thoroughly testing and debugging code to ensure cross-browser compatibility and optimal performance.
- Contributed to improving user experience by implementing smooth animations and transitions through CSS and JavaScript techniques.
- Actively participated in team meetings and discussions, providing input on design and user experience improvements.
- Leveraged version control tools like Git to maintain codebase integrity and facilitate seamless collaboration within the development team.

- Engaged in continuous learning, staying up-to-date with the latest front-end development trends, techniques, and best practices.
- Effectively communicated progress and challenges to supervisors, contributing to a streamlined development process.
